TO SEND EXPERT

TO TOBACCO GROWERS' MEETING AT ST. JOSEPH.

APPOINT DEMOCRATS

As Assistant Postmasters, Says Judge Moon, But He Was Opposed by President.

(By W. C. Van Cleve.)

Washington, D. C., Jan. 27.—Representative Booher has succeeded in getting the agricultural department to send an expert tobacco man to attend the meeting of the tobacco growers to be held at St. Joseph January 30 and 31. B. F. Scherssius has been designated by the department to attend the meeting, and should be able to give those in attendance many valuable suggestions.

No announcement has yet been made as to who the members of the new regional bank reserve board will be except that they will not be applicants for the position. The president has determined that he will not appoint any one who directly seeks appointment to one of these places, and those who have aspirations to serve their country in one of these $12,000 positions must keep said aspirations to themselves or get the president's ear by the gum shoe grapevine method.

Mayor Mitchell of New York will try the non-partisan method in the government of New York City. His appointments include Democrats, Republicans, Progressives, Suffragettes, Single Taxers, Independents, Reformers and a general variety of political views. His latest move is to invite Colonel Goethals, who built the Panama canal, to become police commissioner. He is endeavoring to put a specialist in charge of every department without regard to party unity or political harmony. The success of the scheme can be better determined in future elections.

The increase in exports of American made automobiles seems to have kept pace with the enormous increase in their use in this country. The department of Commerce announces that there were $40,000,000 worth of automobiles sent from this country to foreign countries during the year 1913 as compared with $2,000,000 ten years ago. This great increase in export trade has been accompanied by a corresponding decrease in imports of foreign made machines. American automobiles are now going into all parts of the world covering seventy-five countries and colonies.

During the course of the debate on the post office appropriation bill the past week Judge Moon of Tennessee, chairman of the committee on post offices and post roads, defended the paragraph removing assistant post masters from the protection of the civil service in the following language "It is not my nature to want to throw any man out of employment because he may differ with me in religion or politics. It is not my desire to lay the hand of oppression upon anybody anywhere. I have lived too long not to know that men do differ and that they have a right to differ and that they ought to respect and protect each other in their differences; but this is a fundamental question of government I would not say, sir, that the merit system, as it is called, was wrong, nor have I any respect for those insinuations, such as are made in the minority report here, that we are seeking to inaugurate an era of the spoilsman again because we oppose the civil-service policy. What is a spoilsman? Is he a plunderer or, politically speaking, is he one who belongs to a victorious and triumphant party into whose hands the reigns of government have been consigned by a decree of a majority of the people, who demand the party of which he is a part shall have a voice in the administration of that government which they have called into power? Whom did the American people elect? Was it President Wilson and his cabinet alone? I think not. The election was an indorsement of the principles and policies of the democratic party. It meant that into power should come with the President those means by which Democratic principles and policies should be sustained It did not mean that the offices should be held by the party defeated at the polls, although that party had clothed with the sanctity of civil service all of the men, or 98 per cent of all of the men, in the service of the government. It meant that the Democratic principles and policies should be executed by Democrats. What general, when he has captured a portion of the enemy, in the next great pitched battle would place before his vanguard the sentinels chosen from the ranks of the enemy? How long would it be before treason would destroy the army and the purposes for which it had been organized."

Others made the point that, since postmasters have to give bond for the faithful performance of their duty, they should have the right to name their own assistants and should be entitled to men in sympathy with the administration of the office. President Wilson and Postmaster General Burleson however expressed opposition to the proposition, and it was stricken from the bill.

January 7 was Christmas to quite a number of the residents of this city and to a considerable part of the world. They were a little slow but they had the advantage of having their candy after ours was all gone. The Greeks, Roumanians, Hungarians, Bulgarians, Servians, Montenegrians and possibly the Russians still adhere to the Julian calendar in the matter of reckoning time which brings Christmas just thirteen days late according to our calendar. Parts of China and also Japan are included among the followers of the Julian calendar. The whole number still adhering to that method of reckoning time is said to be in the neighborhood of one hundred and twenty millions of people.

These people have continued the Julian calendar in use ever since the days of Julius Caesar and they say it would be an enormous task to attempt to change the system. All their public documents, notes, leases, and business papers are dated according to the Julian method and it would cause a loss of thirteen days to change it now. The Greek colony in Washington numbers about seven hundred and they have a prosperous church here. The church customs agree with the commercial usage in the matter of dates.

There is no Santa Claus in Greece and the little folks do not hang up their stockings by the fire place or near the chimney the night before Christmas. They do not give gifts at Christmas time but the day is observed purely as a religious one outside the feast that always occurs on holidays. Christmas and Easter are the two greatest feast days among the Greeks but the turkey is not given the place of honor on the Greek table in his native land. The most lucious treat they can find for their holiday table is a young roast lamb. Of course the Greeks in this country become accustomed to our customs largely and both turkey and chicken find their place on tables of the more prosperous ones.

A WONDERFUL MEETING.

Methodist Revival at Pickering is the Greatest Effort Held in the County.

The revival in progress at the Methodist church in Pickering is having marvelous results. The pastor, Rev. Stillman, is assisted by Evangelist Goodale. There were forty-five conversions at the Wednesday night service, making 120 conversions to the present time. The attendance is more than the church capacity and the interest is on the increase.

Pickering has a population of about 300, and it would not seem that there would be 120 people that had not yielded to the influence of the Gospel in all that community of church goers.

The meetings will continue until Sunday.

THE MEN'S CLUB

OF FIRST BAPTIST CHURCH TO HAVE FIRST BANQUET.

GIVEN FRIDAY EVENING

Ladies' Aid Society Will Serve—Dean D. J. Evans of William Jewell College to Speak.

The men's club of the First Baptist church have all arrangements completed for its first annual banquet to be given Friday evening in the church parlors.

The ladies aid society of the church will serve the banquet, which insures its success for that very important part of the evening, and they expect to outdo all former efforts in that line. Plates will be laid for 130 men.

The climax of the evening will have been reached when Dean D. J. Evans, PhD., D. D., of William Jewell college at Liberty, Mo., will respond to the toast, "The Modern Man and the Church." There is no guessing at all about how he will impress the guests, for any man likes another man who has a message which he knows how to present. In the language of the day, Dr. Evans is a live wire. There is a freshness and spontaneity of thought and action in all he expresses that is life-giving, which, coupled with the dignity of language and bearing that is characteristic of the man, commands the highest admiration. He gave the commencement address at the Southern Baptist Theological Seminary in Louisville, Ky., last June, when Louis M. Hale, pastor of the Maryville church, was graduated. His address was along the same lines he will speak upon Friday night, and it was said that it was the best speech that had been heard at the Seminary in many years. He has been sought by many large churches to become pastor, but he refuses to give up his work with the young theological students at William Jewell. He has held that place ten years. He is a thorough-going all-around man and is as much at home in a crowd of business men as with a crowd of church men for he has trained with them and is in the work of developing the layman and the preacher, side by side. He is a big, full-blooded Welchman, and was reared in the Welch settlement of Livingston county, Mo., near Chillicothe.

Professor W. M. Westbrook, president of the men's club, will act as toastmaster, and will also give a toast to "Our Men's Club."

Prof. E. L. Harrington will respond to "Our Visitors."

The response to his toast will be given by a guest of the evening.

"Our Revival" will be the toast of the pastor, Rev. Louis M. Hale.

After the singing by the quartette, Miss Marie Jones, Miss Nellie Wray, Mr. P. O. Landon and Mr. Orlo Quinn, the address of the evening will be heard.

During the banquet music will be played by the Men's Club orchestra.

The officers of the club are W. M. Westbrook, president; Charles Hyslop, vice-president; E. L. Harrington, secretary; W. E. Glover, treasurer

The officers and the following comprise the executive committee: G. B. Holmes, Clyde Avitt, Eugene C. Grubb and Anderson Craig.

SPOKE AT HARMONY.

State Superintendent Evans Talked on "Consolidation" Last Night.

State Superintendent of Schools Wm. P. Evans of Jefferson City and J. Kelley Wright of the state board of agriculture were at Harmony last night, where Mr. Evans spoke on the subject of "Consolidation." A large and interested audience was present.

The Harmony community will vote on consolidation next Monday. J. Kelley Wright will speak there tonight. Mr. Evans is speaking at Graham and Skidmore today.

GOOD CONFERENCE

WAS MARKED WITH MANY FINE AND ABLE ADDRESSES.

RELIABLE INFORMATION

Rev. James Cunningham and Rev. Harrison Spoke Last Evening.

The union missionary conference closed Wednesday night. The conference was marked with as many fine addresses, as much reliable information was gained as any other conference of its kind that could be held anywhere. The speeches were able and distinguished for God-like utterances.

One speaker, Dr. W. R. Dobyns of St. Joseph, gave several talks that would have inspired a gathering of national importance. He spoke Wednesday afternoon on "The Place of Prayer in the Work of Missions," and said it was more important than men, more important than money, more important than organization. "Get Hold of God," was his constant admonition. It was a most uplifting talk, and every one was touched by the power and tenderness with which he spoke on the blessing in getting hold of God, and emphasized its necessity in regard to everything we attempt. It was indeed a marvelous talk, one not easily reported.

It was decided at this meeting to hold at regular times a missionary conference at various places throughout northwest Missouri, under the supervision of the local committee, of which Rev. Harkness of the First Presbyterian church is chairman, and the ministers of the other churches and several laymen are members.

A discussion was also held as to the best plan for putting on the every-member canvass.

The banquet served in the church parlors at 6:30 o'clock to the missionary conference visitors was the offering of the ladies of the five churches represented in the conferences, and was a credit to them. Mrs. J. C. Archer was in charge of the banquet. Her assistants were Mrs. J. B. Robinson, Mrs. J. R. Brink, Mrs. George P. Wright, Mrs. Henry Thorp, Mrs. Mary Owen, Mrs. G. H. Colbert and Mrs. W. J. Staples.

Presiding in the dining room were Mrs. W. B. Christy and Mrs. C. C. Corwin. Their assistants were Misses Eva Ashford, Beulah Abshire, Ethel Cook, Nina Evans, Mrs. Raymond Barry, Mrs. F. P. Robinson, Misses Nina Bent, Margaret Chilton, Marjorie Wilfley, Mabel Hunt, Ina Campbell, Elizabeth Thomson, Laura Craig, Dessie Gault, Blanche Gray.

After the feast Rev. Robert L. Finch, the toastmaster, announced Dr. Drummond of India, who spoke upon the needs and results of work in India. He was followed by Rev. Harrison of Moberly, who spoke of the significance of men's work for missions. They proved to be excellent after-dinner speakers and everybody was benefitted.

The guests included the conference speakers and visitors and the men and women officials of the five churches and their pastors. It was the first banquet in which all the churches of the town have participated, and it will not be the last one, it is predicted.

At the night service, which was well attended, considering the bad, stormy weather, Mrs. F. P. Robinson sang at the opening a very appropriate number, "Arise, Shine, for Thy Light is Come," by McDermid.

Rev. Cox then announced the first speaker of the evening, Rev. James Cunningham, the missionary from Africa, who has completely captivated everybody with his wit, humor and deep earnestness.

Rev. Cunningham has a decided brogue in his speech, and he began Wednesday evening to set right the many conjectures as to his nationality. In his peculiarly charming manner of speech he said:

"I have been taken for an Irishman, a Jourman, and many other sorts and kinds of people. I will tell you what I am. I am a Scotchman by bairth, an Amerycan by adoption, and an Afraycan by the grace of God."

This declaration brought forth applause, more for the earnestness with which he declared his African allegiance than anything else he said.

He was interrupted several times by applause in his address, during which he told of his work among the churches of his section of West Africa, how devout his people are in prayer, how they have become self-supporting and self-propagating through the every-member canvass plan, telling of efforts to obtain places of worship and the eagerness with which they listen to the Word of God, until it was enough to shame the indifference of the present-day religion in American churches.

"Do this, thing yourselves," he said. We are not after you for your money, simply for your money. But we want you to help that it may make you strong, valiant, courageous, interesting men of God."

No one doubted his statement. He is in a great business and he wants all other men to have a hand in it, have something to live for, that it may grow and become great in mind and sympathy.

Rev. Cunningham was followed by Rev. Harrison of Moberly, who talked briefly of things we as Americans need and the significance of the reforms now being propagated.

"It is not a reform in politics we need," he said, "but a regenerated politician, then political reform will have been accomplished. It isn't a study of hygeine, eugenics, the wage of war on tuberculosis and other awful diseases, but the Godliness that makes for health, that brings right thought; a Christianity that permeates every avenue of life, that brings moral grandeur, that teaches that the body is the temple of God and must not be contaminated. Horrible things are being brought to life which shows that forces are being used every day to poison the thought and the lives of girls, and that they are being secreted by the thousands in New York City, that their offspring may be used for infamy in the years to come. It is time that the Church of God should arouse from her self-satisfaction and that she seek for the spirit of the Master who came to seek and save the lost and with united effort and in the name of Jehovah overthrow every thing that would oppose the establishment of His Kingdom.

WILL PLAY MISSOURI WESLEYAN.

Normal Will Meet Fast Team Friday Night.

The Normal basket ball team will play their third intercollegiate game tomorrow night, when they meet the fast Wesleyan team. Last year the Wesleyans won on their home court and were defeated here. The Normals expect to win this game and are going after it hard. The Normals had their final practice last night and will rest tonight.

To stimulate the interest in basket ball and to get material ready for next year, another tournament has been organized. There are six teams in this tournament, and the first games will be played tomorrow evening at 4 o'clock. The faculty will have a team in this tournament consisting of Wells, Rickenbrode, Swinehart, Harrington and Eek.

Everybody is invited to attend these tournament games.

CONSOLIDATED SCHOOLS.

W. M. Oakerson Gets Petition From Graham Asking for This, Had Eighty Signers.

County Superintendent W. M. Oakerson received a petition from Graham Thursday morning for consolidation of schools. Out of the sixty-two patrons solicited in the rural districts, forty-one signed the petition. Graham had eighty signers.

Superintendent Oakerson received word from the Lyle district that they wanted in the consolidation and that nearly every one had signed.

The consolidation of these schools—Lyle, Stark, Hickory Grove, Hayzlett and Graham—will make the district the second richest in Nodaway county, Maryville being first. This district will have a valuation of $475,000. Hopkins is second now with a valuation of $280,000.

Marion Lugar, who has been in the employ of Jesse and George Ray of Ravenwood, began employment with Binter & O'Grady, the restauranteurs, this week.

Removal sale now going on at H. T. Crane's.

NEGLECT TO SIGN

MANY CONTRACTS FOR DRAGGING ROADS NOT RETURNED.

MOST ROADS CARED FOR

Roads in Polk Township Are the Last Provided For—Some May Lose Out.

The dragging of county seat highways is not well provided for as yet, not half the mileage being contracted for. Many have signified a willingness to take contracts to do dragging and have contracts which they have neglected to sign and return to the secretary of the commission. Most all of the road is being cared for on most of the roads, but some have very few contracts, and very little dragging is being done on these. The roads in Polk township are the least provided for of any. On the Savannah road just two miles of road are contracted for, and both of those are in White Cloud township.

On Bedford road, the last mile in Polk township is contracted for, and from the 102 river bridge to the state line. Ten miles altogether, balance unprovided for. Several contracts out, but not yet signed and returned. Oregon road, no contract in Polk township, five and a half miles in Hughes, several contracts out. Rock Port road, from a half mile east of D. O'Grady's, in Polk to two miles west of Skidmore in Monroe. Balance of road unprovided for and no applicants.

Albany road, Casey corner to Gallagher corner in Polk and Conception Junction to a half mile east of monastery in Jefferson. Balance of road unprovided for. Grant City road, no contracts from Maryville to Pride bridge. All contracted for from Pride bridge to Parnell. Parnell to county line not provided for. Clarinda road, no contract from Maryville to Conrad corner. All contracted for from Conrad corner to Wilcox. Just one mile contracted for in Nodaway township, five and a half miles in Atchison township. Several contracts still out and most all of the road is being cared for, but those dragging can draw no pay without a contract.

Anyone living along either of these routes or interested in them should see that these contracts are taken and the road cared for. In some instances it may result in a change of location if there is no interest in the road. The commission is not provided with funds for the expense of a personal canvass along each road for people to take dragging contracts, and persons interested in these roads and living along them should see that each portion is provided for. It is urged that all who now have contracts unsigned or not turned in to attend to it at once and return contract even if they will not sign it so the commission may know and can look for some one else to care for that portion of the road.

TO REFORM SCHOOL.

William Gunn Gets Sentence for Forgery—Court Adjourned Until Friday.

Circuit court adjourned at 9:30 this morning to Friday morning. The docket is about cleaned up and the grand jury cases will come up tomorrow.

The case of F. A. Breit vs. James Barber for damages was submitted to the court and all costs were assessed on the plaintiff, who was given ten days to file amended petition. Cause continued.

Laura E. Cloud vs. Royal Casualty Co., for damages, plaintiff filed amended petition and defendant has until Friday morning to file answer.

A change of venue was granted in the case of Shapleigh Hardware Co. vs. P. E. Manning et al. on account. The case was sent to Andrew county.

DR. WOODS HUTCHINSON HERE.

Speaks at the First M. E. Church Thursday Evening--Is a Physician of Note.

Dr. Woods Hutchinson, who will give the fifth number for the Maryville lyceum lecture course tonight at the First M. E. church, arrived in Maryville Thursday noon from Parkville, where he lectured Wednesday night, and is at the Linville hotel.

Dr. Hutchinson will speak tonight on "Foods and Foolishness," as he considers it his best lecture for a general audience. He has a dozen or more other subjects, but they are all for audiences who are gathered for the purpose of hearing him on some special topic for special work. The subject he will speak on tonight is considered by many the best he delivers for general all-round information.

Dr. Woods Hutchinson, who, in the course of a lecture tour through the south and west, speaks in Maryville this Thursday evening, is one of the foremost physicians in this country today. He was born in England, but came to this country when still a child, and was graduated from Penn college, Oskaloosa, Ia., in 1880. Three years later he received the degree of A. M. from the same college, and the following year that of M. D. from the University of Michigan. Since then his activities have been wide and varied. For five years he was professor of anatomy in the state university of Iowa, leaving there to take the chair of professor of comparative pathology in the University of Buffalo, where he was professor of methods of science teaching in the teachers' college of the university. In 1899 Dr. Hutchinson went to London, where he became lecturer on comparative pathology in the London Medical Graduates' college, and lecturer on biology in the University of London. When Dr. Hutchinson returned to this country he became state health officer in Oregon for two years. He is a fellow of the American Academy of Medicine and a member of the American Association for the Advancement of Science.

Dr. Hutchinson has not only won distinction as a physician and lecturer; he is an author of note. His best known books are "Preventable Diseases," "The Conquest of Consumption," "Handbook of Health" and "Common Diseases." In his writing, Dr. Hutchinson incorporates the same spirit of friendly intimacy that makes his "talks"—for they never seem real "lectures"—so helpful to his audiences. In his books, one is never confused by an array of medical terms, which, to the layman, are so unintelligible. As the New York Times says. "Dr. Hutchinson is as humanly delightful as he is professionally wise, and that's saying a lot. * * * He is a cheerful, encouraging writer, a man who laughs good-naturedly at shams and pretenses, who points out the sane and normal ways of life and living, who insists that it is our true destiny to be strong, healthy and worth while, if only we give ourselves the merest chance."

LESS BOWEL TROUBLE IN MARYVILLE.

Maryville people have found out that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Alder-i-ka, the German bowel and stomach remedy, relieves constipation, sour stomach or gas on the stomach INSTANTLY. This simple mixture became famous by curing appendicitis and it draws off a surprising amount of old foul matter from the body. It is wonderful how QUICKLY it helps. W. Jones, druggist. Druggist Shuff at Pickering reports great success there.—Advertisement

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy, Luxuriant and Removes Dandruff—Real Surprise For You.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleans, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Advertisement.

During the luncheon Mrs. Wallis was assisted by Miss Clara Sturm, Mrs. Bellows and Miss Garrett. The guests included Mrs. George B. Successful Incubator

SPECIAL AND EXCLUSIVE POINTS OF MERIT IN THE CONSTRUCTION OF SUCCESSFUL INCUBATORS.

1. THE ONLY MACHINE THAT HEATS THE COLDER EDGES OF THE BODY FIRST—like a greenhouse or dry kiln.

3. 12-ounce COPPER TANTANK. No leak, no break, no loss. Faster current, giving more even heat and better regulation.

3. 10-ounce COPPER TANK. The heaviest copper used in any incubator. All cold rolled.

4. ONLY ONE SCIENTIFICALLY VENTILATED. Admits cold air at center of the top, the warmest place in any machine. Does not create draft which dries out the eggs.

5. SAFETY ATTACHMENT ON LAMP BURNER. Prevents smoke. Flame never creeps after one minute. Endorsed by insurance companies. ABSOLUTE PROTECTION FROM FIRE.

6. ONLY ONE WITH TWO GLASS DOORS. Never necessary to open either door to see the thermometer.

7. COMBINATION WAFER THERMOSTAT REGULATOR. Embodying both fluid and metal principles.

9. BUILT LIKE A REFRIGERATOR. Show us one as heavy.

10. CASE NON-WARPABLE.

13. STRONGEST, MOST DURABLE EGG TRAYS.

16. CABINET MADE. THE ONLY INCUBATOR IN THE WORLD with all corners, all joints dadoed or mitered together, thus maintaining ALL THE HEAT produced in the machine and offsetting the outside changes of temperature.

18. THERMOMETER CAN BE ADJUSTED to the bottom of the trays just before the chicks begin to pick the shell and it never becomes necessary to open the doors or pull out the trays (a sinful practice), to read the temperature. The thermometer is stationary. The chicks cannot knock it over.

10-CENT "CASCARETS" STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Advertisement.

Guests for Conference.

Mr. and Mrs. Henry Wright entertained F. P. Houser and Mrs. J. C. Jamison of Grant City during the missionary conference. They were delegates from the Christian church at that place, and they enjoyed very much the pleasure of meeting their former pastor, Rev. R. L. Finch, and Mrs. Finch.

"Christian Endeavor Day" will be observed Saturday, February 1, at 6:30 p. m., at the Christian church. Special program. Come.

We have many difficult cases of eye troubles to deal with—optical defects—that only glasses will relieve. You may have had other glasses that did not suit you, and been thoroughly disgusted with them, but that is no reason why you shouldn't take time to get glasses that are worth while. Not any glasses, but ones that are exactly suited to your eyes. Our examinations are thorough and accurate. When will you call?
